EGX30 index performance

Source: EGX

27 February 2022

Market performance. It was a broad-based recovery session for the EGX in the aftermath of Thursday's freefall on Russia-Ukraine escalations. All three indices finished in the green, despite lower-than-average turnover, with heavy demand from Gulf institutions leading the way, coupled with renewed local retail interest following Thursday's panic sale. The EGX30 gained 2.60%, with only one name marginally in the red, partially recovering from last session's losses. The same can be said about the retail dominated EGX70, gaining 4.16% on the day. Finally, the equal-weight EGX100 finished the session 3.76% up. We highlight the EGX still trades on the cheap, with all indices accumulating significant losses y-t-d.

Turnover and flows. Market turnover came in at EGP567mn only, despite a higher-than-average participation from foreigners on a Sunday, as the uncertainty around the global economic and political direction continues to pressure equities. Real estate regained the lead of the turnover standings, accounting for 19% of market activity. Heliopolis Housing (HELI) saw increased interest, recovering from its freefall on Thursday, up 4.85%, on EGP19mn traded. Retail favourite Zahraa Maadi Investment Development (ZMID) continued its downtrend, shedding a further 2.69%, on good volume. Non-Banking Financial Solution came in a close second, as Citadel Capital (CCAP) recovered from Thursday's losses, up 6.74%, on EGP38mn traded. Banks finished third, as the passive non-Arab foreign outflows in Commercial International Bank (COMI) were met with strong demand from Gulf institutions, driving the stock 2.98% up, on a market leading EGP67mn turnover.

Gainers and losers. It was a broad-based recovery session for the EGX following Thursday's bloodbath, with a single stock in the red at close. Cleopatra Hospitals Group (CLHO) led the gains, +11.40%, on good volume. GB Auto (AUTO) made up for Thursday's heavy losses, after 4Q21 results came in positive, with the company reporting a significant beat against market estimates. CCAP benefitted from renewed appetite from local individuals, after finishing among the worst performers during last session (-6.90%), up 6.74%. Sidi Kerir Petrochemicals (SKPC) finished among the top performers, as commodities are on high alert, with an escalation in Russia-Ukraine tensions a potential trigger to a surge in prices. Finally, rounding out the top five, Cairo Investment Real Estate Development (CIRA) gained 5%, on increased interest from gulf institutions. The EGX30's only loser was Credit Agricole Egypt (CIEB) shedding a marginal 0.13%, on lower-than-average volume.

Key Indices Performance

| Index | Open | High | Low | Close | Change (%) |
|---------|--------|--------|--------|--------|------------|
| EGX 30 | 10,891 | 11,174 | 10,891 | 11,174 | 2.60 |
